

JOB TITLE:

DISTRIBUTION CENTER INVENTORY CONTROL MANAGER

Restaurant Equipppers, Inc., a national mass merchandiser of Restaurant Equipment and Supplies to the Food Service industry, is seeking an experienced Inventory Control Manager to control multi-million dollars of inventory at its 170,000+ Square Foot Distribution Center located in the Columbus, Ohio Metropolitan Area. (Visit our web site @ www.equippers.com)

The company provides a competitive salary, rich employee insurance benefits, 401k retirement savings, paid vacation and holidays, job security resulting from decades of stable economic growth, and an opportunity to work in a family friendly organization that is continually growing and expanding.

JOB RESPONSIBILITIES:

The Inventory Control Manager will work closely with the Distribution Center Manager, Corporate Merchandise Controller and the Distribution Center receiving, shipping and inventory processing associates in developing and managing the timely and accurate processing, monitoring, reporting, collection and control of all aspects of the company's Distribution Center inventory, including:

1. Daily inventory cycle counts
2. Daily and long-term inventory shrinkage results
3. Merchandise return credits to customers
4. Value maximization of damaged merchandise
5. Return to Vendors
6. Carrier Freight Claims
7. Slow-moving stock items
8. Low and out-of-stock items

JOB QUALIFICATIONS:

1. Three to five years of related inventory control experience in a similar high volume distribution center environment.
2. Experience in working with Distribution Center and Corporate Management and in managing others.
3. Bachelor of Arts or Bachelor of Science Degree (or equivalent combination of education and experience).
