

## Glenray® Kettles

The Glenray® Soup Kettle is a 10.5 quart (9.9 litre) commercial soup warmer and holding kettle featuring adjustable temperature control, stainless steel hinged lid and a durable steel shell. Each soup kettle/soup warmer, great for restaurant use, is shipped with a stainless steel food insert and product cards. These soup kettles are available in black and stainless steel. The Glenray Soup Kettle is NSF listed for rethermalization.
