BVER23-100

ECONOMY REACH-IN REFRIGERATOR

BVER23-100

NEMA 5-15
Cord set comes standard

FEATURES

Berg's 23 cubic foot (nominal), 18 Cu Ft (actual storage volume) one-door reach-in refrigerators have 3 adjustable shelves and digital temperature control. The digital temperature display is prominently displayed above the door for easy viewing. Berg refrigerators and freezers are designed to meet the requirements of the most discriminating customer. Unit plugs into a conventional 115v wall outlet and is ready to operate with a drain hook-up as the unit comes with an integral condensate evaporator.

- Smooth, gray, durable finish (for easy cleaning)
- Painted steel exterior and painted aluminum interior is rugged, easily cleaned, low maintenance and an excellent value
- Easy to use and set digital controller for easy operation
- Worry-free reliable operation
- Single heavy duty handle and door for added durability
- 2.5" diameter swivel casters come standard (3.5" overall plate caster height)
- 2 of the casters lock, so the upright will stay in place once it is rolled into position
- Door locks come standard
- Bottom-mounted oversized compressor
- Includes condensate evaporator pan, floor drain not needed
- Snap-in gaskets are removable for cleaning or replacement
- 115V/60Hz Standard (220V/50Hz electrical service optional)
- Uses environmentally friendly non-CFC R134a refrigerant
- Commercially designed, tested and listed as compliant to ANSI NSF7 and ANSI UL 471 standards by independent test labs
- Door is field reversible
- Unit comes with pre-programmed defrost cycling for worry-free operation.
- ≥ 60mm thick foam insulation for energy efficient operation.
- Comes with NEMA 5-15 cord set for easy installation using conventional wall outlet.

Approvals: ANSI NSF 7 sanitation & ANSI UL471 safety listed
