

FEATURES:

Design: Open wire design offers greater light penetration, air circulation and visibility, as well as, minimal dust and dirt accumulation and lighter weight.

Assembly: Plastic shelf clips attach to each post for each shelf and are adjustable on 1" centers along entire length of post. No tools are required for assembly.

Construction: Ribs run front-to-back allowing items to slide for easy loading & unloading of shelves. Available in durable chrome finish or epoxy coating.

Epoxy coating: Dark green powder epoxy coating that is electrostatically applied and thermostatically cured to a hard, smooth, satin gloss finish. For use in humid or dry storage.

Ten year Warranty.

Chrome finish: Hard, durable, multi-stage nickel-chrome electroplating provides excellent abrasion resistance. For display and dry storage applications.

One year dry storage warranty.

Adjustable leveling feet.

Load capacity: 600-800 lbs per shelf, evenly distributed, depending upon the size. Maximum load per assembled unit not to exceed 2000 lbs without casters.

ACCESSORIES & REPLACEMENT PARTS:

Wall mounted shelf brackets for 14", 18" and 21" wide shelves.

Plastic shelf clips. To attach shelves to posts. No tools are required.

Adjustable leveling feet.

"S" hooks. (used to add shelf units using only 2 posts)

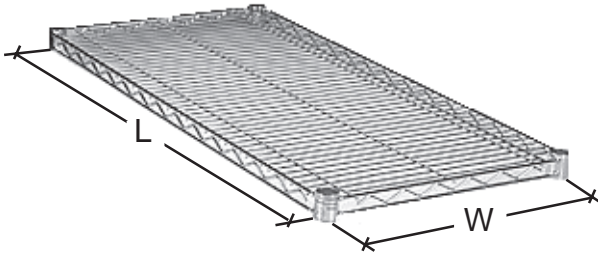

Casters with bumpers for mobile shelving units.
