

BAR HEATERS

Compact, versatile, durable and economical, Nemco's heavy duty infrared quartz bar heaters are available in hanging, base mounted or pass thru buffet warmer configurations.

Features include:

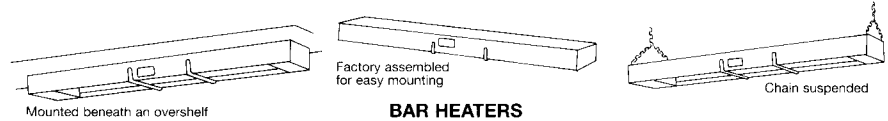

- Toggle switch
- Indicator light
- Aluminum shell for durability, strength and easy cleaning
- Calrod heating element

How to pick the right size warmer:

Nemco bar heaters are offered in a variety of lengths from 24" to 72".

In general, choose a:

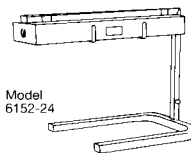

- 24" length for warming french fries, pizza, fried chicken and more
- a 36" length for use as a plate and cup warmer
- a 48" length for use as a roll warmer, plate warmer, and keeping large pans of food warm
- a 60" length for pass thrus
- a 72" length for use over serving areas
