Star® Radiant Compact Conveyor Toasters

□ RCS2-600BN □ RCS2-600N

RCS2-600BN

DESCRIPTION

The RCS2 Series is the name in compact bagel productivity. At only 9.5" overall width it can fit ANYWHERE, and the 5" wide belt can process 600 bagel slices/hr or 400 bread slices/hr. The 120V utility and compact size mean this unit is perfect for satellite locations - next to the drive-thru, near the register - whatever your needs.

SPECIFICATIONS

High performance conveyor toaster is constructed of corrosion resistant stainless steel. Supplied with heavy-duty motor, drive chain and metal sheath elements. A conveyor belt tension system is supplied for a smooth, quiet operation. Extended conveyor belt, crumb tray, heated holding area and full width burn guard is standard. Unit has a one-piece cover for easy access with 1" adjustable legs and a 5ft minimum cord length.

WARRANTY

These units come with a one [1] year warranty for parts and labor.

FEATURES

- High volume compact toaster with 5" wide stainless steel belt requires only 9.5" width of counter space
- Forced convection system keeps the toaster cool-to-the-touch and increases productivity by circulating pre-heated air into toasting chamber
- Incoloy metal sheath elements provide fast, consistent heating. Top-side toasting for bagel toaster, and dual-sided toasting for bread
- Long lasting, heavy-duty metal knobs, 1" non-skid heavy-duty rubber feet, and extended conveyor belt with full-width burn guard
- Simple analog belt speed control and heated holding area to keep toast at the perfect temperature
- Hi-limit switch prevents toaster from overheating protecting critical component parts
- 120V - plugs in anywhere
