

## MEET OUR LATEST PROFESSIONAL COOKWARE - THERMALLOY® CARBON STEEL

### **NEW** Thermalloy® Carbon Steel Fry Pan Collection

- Bake, broil, sear, and stir-fry in this versatile pan, non-stick properties protect delicate foods while cooking. Heats quickly and evenly for superior browning
- Pre-seasoned for a PFOA/PTFE free natural, easy-release finish that improves with use. Coated with protective wax to prevent rusting before first use
- Thick pan body keeps the pan from warping during use. Oven safe up to 200°C / 392°F
- Fully riveted handle
- Suitable for use with metal utensils

For use with all heat sources.
