- "CE" approved models have prefix SU
- One year limited warranty on parts & labor (USA & Canada only)

Options & Accessories

- Stainless steel wall-mount brackets for model SERC or SUERC, please specify when ordering
- Stainless steel main back

Specifications

Electric salamander broiler with dual controlled Solar Ray heating elements. All Stainless steel construction, 34" (864mm) wide with fixed position broiling rack. Available wall mounted or counter mounted (Model SERC). Also available range mounted, (models SER-686, and SER-684 for mounting on range models S686 and S684, respectively).

Note: Only models with prefix "SU" carry the CE Mark

S680 Series Electric Salamander Broiler

S680 Series Electric Salamander Broiler

Installation Notes:

Clearances from combustible surfaces should be minimum 7" (178mm) from sides, 2" (51mm) from back

*Note: 3 phase ratings apply to SERC and SER-680 ordered separately. When a range and salamander are ordered together it is standard for the salamander to be prewired at the factory to interconnect with the range (single phase). For further information on ratings and connection options consult the factory.
