

Edlund Tomato Laser™ Slicer

Sure, you've been slicing tomatoes with those 1950's style aluminum tomato slicers for a long time now, but you've never really been happy with their performance on really ripe tomatoes, or how difficult they are to clean, or to change the blades, or where the tomatoes end up...the list goes on. Well, now Edlund introduces the Laser, the easiest, fastest, and most advanced manual tomato slicer the Industry has ever seen. Our patent pending slicer is NSF Certified, all stainless steel, and fits in a standard dish rack for thorough dishwasher safe cleaning. Plus, our exclusive staggered blade cartridge ensures a perfectly sliced tomato every time, and our heavy duty suction cup feet keep the slicer in place no matter where you want to use it. The Tomato Laser from Edlund...a beam of light in kitchen preparation.

- Exclusive Patent Pending Design
- NSF Certified
- All stainless steel construction
- Dishwasher safe
- Exclusive Staggered Blade slicing system
- S/S Blade cartridge removes easily without tools
- S/S wash guard protects operator from contact with sharp blades
- Entire unit fits in standard dish rack
- Heavy duty suction cup feet keep unit in place
- Made in U.S.A.

Our Tomato Laser burns through your slicing tasks.

Edlund's exclusive staggered blade design and self-lubricating pusher system guide tomato through blades with minimum effort

Unique design allows easy slicing of even very ripe tomatoes

Dimensions: Length: 18.75"/477mm
Width: 12"/305mm
Height: 11.5"/292mm

Blade cartridge, pusher assembly, frame, and wash guard disassemble easily and fit into a standard dish rack for thorough dishwasher safe cleaning

Even a 6" deep pan fits under blade assembly allowing for bulk slicing and faster production
