

C5[®] 3 Series
Holding & Proofing Cabinets

Cool to touch, hot to hold.

Available Colors
Blue not offered on Under Counter models.

C5[®] 3 Series with Insulation Armour™
Cool-to-touch design provides energy efficiency at a lower initial investment.

Insulation Armour insulates the cabinet and protects employees from hot surfaces. Built-in hand holds and full-body bumper protection make it easy to handle when used in mobile applications.

Unique, value engineered design.

Unique Design

Cool-to-touch design provides energy efficiency at a lower initial investment. Patented technology retains heat and saves energy!

Insulation Armour™

Durable polymer exterior insulates the cabinet and is dent, impact, and stain resistant. Molded-in hand holds create vertical handles for mobile applications.

Removable Control Module

Module is removable without tools for easy cleaning and servicing. Three modules to choose from: holding, moisture holding, and combination proofing and holding.

MOISTURE MODULE

Heated holding with moisture control and proofing capabilities.

HOLDING MODULE

Heated holding only.

COMBINATION MODULE

Heated holding and proofing capabilities.

Slides

Three systems to choose from that hold a variety of pan sizes: universal, lip load, fixed wire.

Fixed wire not offered in Under Counter models.

Right sized.

Doors

Field reversible, solid insulated or clear polycarbonate doors.

Full-height cabinets available with full length or dutch doors.
