STANDARD FEATURES

⌘ **HEAVY DUTY CONSTRUCTION**

Top made of solid 18" gauge stainless steel for easy cleaning. Wear resistant black vinyl exterior, and galvanized interior with durable stainless steel floor, and coved corners. Drain is located in rear of cabinets to keep unit pristine at all times. Ecomate® insulation foamed in place.

⌘ **POLISHED STAINLESS STEEL TOWERS**

Draft towers are three inches in diameter, stainless steel with polyurethane insulation. Continuous flow of cold air throughout the tower results in a perfect pour.

⌘ **STAY OPEN DOORS WITH LOCKS AND LIGHT**

90° Stay open door feature and interior LED light underneath the mullion.

⌘ **MAGNETIC GASKETS**

One piece magnetic gasket is removable without tools for ease of cleaning and replacement.

⌘ **ENHANCED REFRIGERATION SYSTEM**

Factory engineered oversized and balanced refrigeration system. R290 Hydrocarbon refrigerators maintain temperature from 33 °F to 38 °F and keeps beer ice cold. Hot gas evaporator in drain pan for efficient condensate evaporation.

⌘ **SIDE MOUNT COMPRESSOR & FRONT BREATHING**

System allows easy service and unrestricted placement of the unit. EDD-23-B: single keg units are rear breathing with internal drain, internal CO₂ chain harness and with knockout place for external CO₂ placement. EDD-23-B: single keg units comes standard with 3" casters (all other Direct Draw units come with no casters).

⌘ **ANALOG THERMOSTAT**

⌘ **GAS VALVES**

EDD58-B & EDD68-B Units come with a two-way gas valve . EDD78 & EDD94 units come with a four-way gas valve.

* Specifications

CABINET CONSTRUCTION

- 18 gauge stainless steel top and stylish black vinyl finish front, sides and back. Interior built is galvanized steel walls with coved corner stainless steel floor. Interior LED light.
- The entire cabinet has 1 1/2" Hydrocarbon, polyurethane insulation foamed-in-place.
- Field interchangeable doors with 90° stay open feature and

- locks standard. One piece magnetic gaskets for easy cleaning.
- EDD58-B & EDD68-B units come standard with a 2-way gas valve. EDD78-B & EDD94-B units come with a 4-way gas valve.
- EDD-23-B: standard with 3" casters (all other Direct Draw units come with no casters).
- Drain is located in the back, inside compressor housing.

REFRIGERATION SYSTEM

- Oversized and balanced refrigeration system.
- Self-contained capillary tube system using environmentally friendly hydrocarbon refrigerant. R290 holding temperature at 33 °F to 38 °F.
- Analog thermostat.
- Front breathing/side mounted compressor for ease of service and placement in narrow spaces. EDD23-B single keg units are rear breathing with internal drain, internal CO₂ chain harness and with knockout place for external CO₂ placement.

- Condensing unit is behind the front grill, slides out for easy cleaning and maintenance.
- Hot gas evaporator in drain pan for efficient condensate evaporation.
- Forced air cooling system for faster cooling and constant temperature in the cabinet.
- Large fan motor and fan blades for better air circulation.
- Self contained system, no plumbing necessary.

ELECTRICAL

- The whole unit is completely pre-wired at factory with cord and plug set included and ready for final connection to a 115/60/1 phase.

WARRANTY

- Continental US
- Two year labor and parts warranty.
- Five year compressor warranty.
