

PATRIOT

SINGLE / DOUBLE DECK COUNTERTOP PIZZA OVEN

Patriot single and double deck countertop electric pizza / baking ovens are great for pizzas, hot subs, side dishes, appetizers, desserts and many more menu items.

Constructed of stainless steel with ceramic decks large enough to cook an 18" diameter pizza. The top and bottom heating elements ensure even cooking with a temperature range that adjusts from 150°F- 840°F.

For commercial use only.

This item meets the sanitation standards imposed by the ETL, a division of the Intertek Group.

This item meets the electrical product safety standards imposed by the ETL, a division of the Intertek Group, for use in the United States and Canada.
