

## XPOWER P-130A Compact Air Mover with Daisy Chain

Ventilate and dry like a Pro at a fraction of the cost! The P-130A mini air mover blasts up to 800 CFM with its efficient 1/5 HP motor. Drawing only 2 Amps at its highest speed, this multipurpose air mover is a must have addition to your home or garage.

Manufactured with rugged state-of-the-art injection mold technology, this air mover is ideal for drying tight spaces such as crawl spaces, under counters, inside cabinets, bathrooms, auto interiors, and more. The P-130A features a three speed switch for full control over airflow and a set of on board power outlets that allow you to link multiple units together. Designed for easy storage and portability, the P-130A's stackable design features convenient wraparound cord storage and weighs less than 10 pounds.

The P-130A, like XPOWER's larger air movers, enjoys precision engineered technology built for optimum performance and years of service.

- Powerful and energy efficient 1/5 HP induction motor
- Low 2.0 Amps draw with 800 CFM maximum airflow capacity
- 3 speeds with 4-angle drying positions (0°, 20° kickstand, 45° & 90°)
- 10 ft. power cord with wrap-around cord design
- Built-in power outlets for daisy chain with dual thermal protection
- Stackable up to 4 units high for easy storage
- Lightweight, compact and durable polypropylene (PP) plastic housing design
- ETL/CETL safety certified

Warranty 1 Year Limited
