Kelvinator Commercial 21 ft.³
Solid Top Freezer, 1 Basket

Short Form Specification

Item No.

Solid top chest freezer with foamed lid and soft closing mechanism to ensure gentle lid closure. Internal and external structure in white painted steel. NSF basket, vertical basket divider, NSF thermometer and lock included as standard. Defrost water drain with plug for easy cleaning.

R290 refrigerant gas for the lowest environmental impact (GWP=3).

The temperature range is -15° to 10°F.

ETL safety and sanitation listed for US and Canada.

Equipped with NEMA 5-15P plug.

Main Features

- Temperature range of -15 to +10 F°
- Hydrocarbon refrigerant gas R290 for the lowest environmental impact (GWP=3) - CFC and HCFC free.
- Low energy consumption
- Mechanical control panel with adjustable temperature
- Included as standard 1 NSF® certified temperature gauge and 1 NSF® certified basket (including one vertical divider) durable and reliable for safety in food storage
- Removable rubber bumper guards
- Bottom drain with plug for easy interior cleaning and defrost water discharge

Construction

- Foamed lid for best insulation and product robustness
- Soft closing lid mechanism
- Static condenser
- Exterior and Interior finish in white painted steel
- Locking lids and key protect the contents of the unit
- Mounted on heavy-duty casters, two locking to keep unit in place but allows position adjusting.
