

PATRIOT[®]

PLATINUM SERIES

Heavy Duty Thermostat Griddle

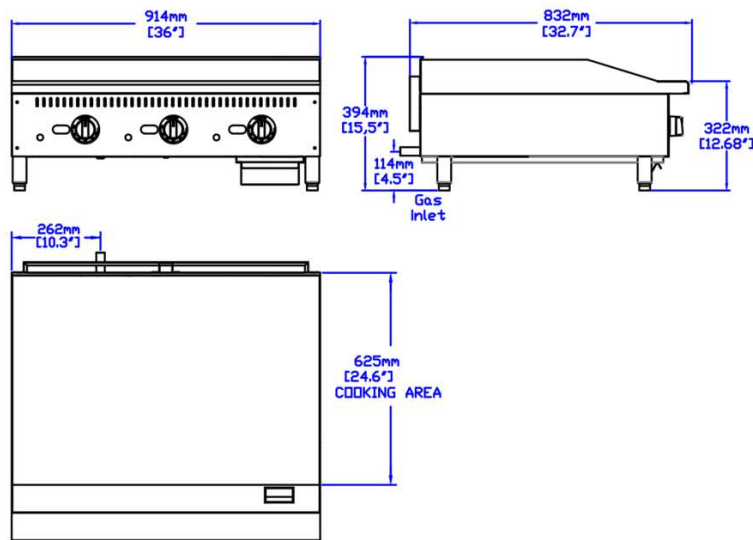

Patriot Platinum thermostatic griddles are designed to maintain precise cooking temperatures during your busiest hours. The thermostatic controls allow for precise cooking temperatures on the griddle surface. The 1" thick polished steel griddle plate is made to handle cooking at high heat for an extended period. The 24.6" cooking depth provides maximum cooking surface area.

Model: PT-G36-TP
