

Chef'sChoice®

Diamond UltraHone®-Pro 323

Professional Diamond Hone® Knife Sharpener

Incredibly sharp knives for smaller commercial kitchens

- Sharpens both straight edge and serrated knives, to better than factory sharpness
- Two (2) Stage sharpening for stronger and more durable arch-shaped edges:
 - Stage 1 - Sharpens using 100% fine diamond abrasives
 - Stage 2 - Hones and polishes the edge using advanced micron size 100% diamond technology
- The arch-shaped edge structure known to be stronger and longer lasting than hollow ground or conventional “V” type edges
- Highly precise knife guiding system automatically positions and stabilizes the knife as you sharpen
- Precisely formed 100% diamond abrasive disks gently apply optimal sharpening pressure, guaranteed to never detemper the edge
- For sharpening all types of knives, including: commercial kitchen, butcher, sporting and pocket knives
- Powerful A.C. motor
- Designed, engineered and assembled in the U.S.A
- 90 day limited commercial use warranty
