

# SECURITY CAGE ASSEMBLY INSTRUCTIONS

1

Lay out all components.

2

Assemble all shelves.

3

Attach the two back and two side panels to shelves. Be sure that panel hooks go through the shelves.

4

Feed connectors through panels and underside of shelf to secure cage to shelf.

Affix the front doors.  
*Ensure that the left door and right door  
are on the correct sides.*

Check the foot pieces that extend beneath  
the bottom shelf to prevent the door from  
being removed.

Close the door and lock it.  
Assembly complete!
